x **Organization of Academic Units within a College (APC):**

- o We are suggesting definitions of a department and a school, both are an academic division, housing at least one academic program.

*f*Schools are larger with greater administrative complexity.

*f*We would like to define a clear process for how a school could become a department, or vice versa.

*f*The process will involve the dean(s), and also a faculty vote on the proposal and/or ability to initiate the process.

*f*Faculty Welfare Committee will address whether a unit leader can be voting faculty, and other related issues.

*f*There was a request for a definition of an academic college.

*f*This would be a new section placed in University Regulations (UR), with guidelines of what normally constitutes a school and a department.

*f*Friendly amendment to strike the term “free-standing program” is accepted.

MOTION: There is a motion to approve the Organization of Academic Units within a College policy document.

VOTE: Approved without objection.

x **LMS Use Policy (APC):**

- o Levin gave background, policy originated from UGC.

*f*Require all classes (with at least 3 students enrolled) have a Canvas LMS shell.

*f*Grades will need to be made available in a reasonable amount of time (external websites are okay).

*f*Updates to due dates will need to be made known to students.

- o APC to work with all deans on clear communication.

DISCUSSION:

- x Offer students a policy to which to refer, if any of these expectations are not being met.

- o Units can also use this policy in their faculty evaluations.

- x Question about content available to students in catalog vs. University Regulations.

- x It was suggested to add the following to item #6: “...with the exception of internships, externships or dissertations.”

- o Cieminski to work on 797, 799 and master’s thesis.

MOTION: There is a motion to approve APC’s policy as amended above.

VOTE: Majority yea’s, one nay, one abstention. The motion passes.

x **Tenure-Track Proposal (FWC):**
