2020-2021 HONOR SOCIETY APPLICATION

1. Name: _____

2. Student ID: _____

3. Major: _____

4. GPA: _____

5. Honors Society: _____

6. Reason for applying: _____

7. How do you plan to contribute to the community? _____

8. How do you plan to contribute to the school? _____

9. How do you plan to contribute to the world? _____

10. How do you plan to contribute to the environment? _____

11. How do you plan to contribute to the economy? _____

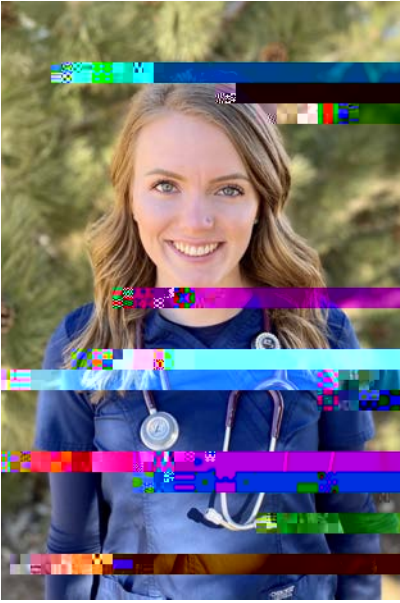

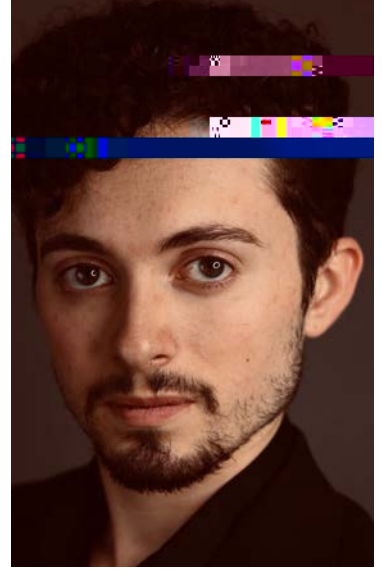

12. How do you plan to contribute to the culture? _____

13. How do you plan to contribute to the arts? _____

14. How do you plan to contribute to the sciences? _____

15. How do you plan to contribute to the humanities? _____

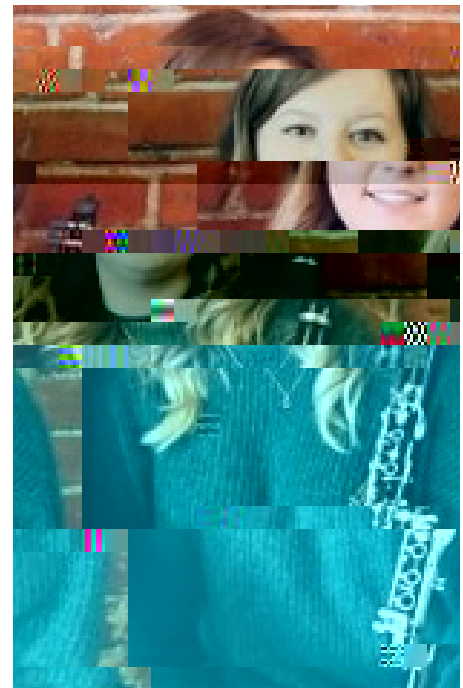

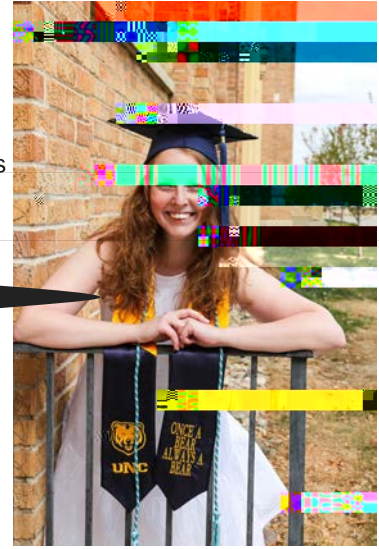

16. How do you plan to contribute to the social sciences? _____

Thesis Title (Partial Honors Thesis completed): The relationship between Physical Activity and Self-Esteem in Adults with Hearing Loss

What Honors has ... student gave me many opportunities to learn through trial and error. It was extremely beneficial to be able to make decisions for myself and to discuss them with my advisers and professors. I am extremely ready to

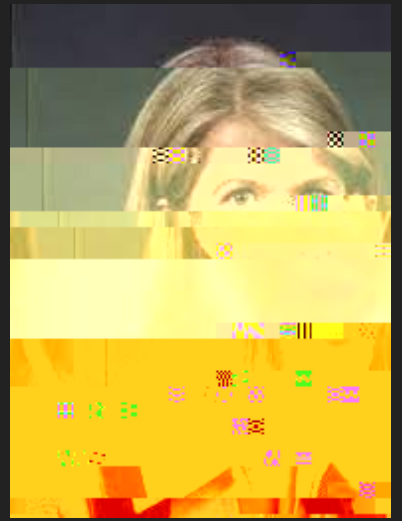

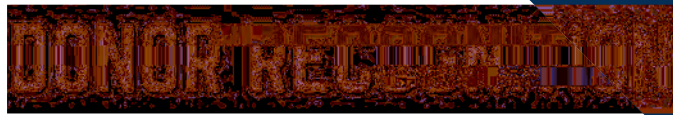

Dr. Koplitz, Professor Emeritus of Educational Psychology, came to UNC in 1958 and studied mental processes of advanced intellects. Because of his experience in gifted education, the task of establishing an Honors program was given to Koplitz. In only a year and-a half, Koplitz established the UNC Honors Program with partnership in 19 departments on campus as well as establishing the Honors thesis tradition that still stands to this day as one of the more rigorous Honors thesis requirements in the State. As founder of the UNC's Honors Program, Gene Koplitz began a tradition that centered on the intellectual development of many of the University's top students. Throughout his professional career, Dr. Koplitz presented research papers at international, regional, state, and local levels, and he made a large impact on all he met and taught. Sadly, Gene passed away in early September 2017 and is survived by his wife, Peggy, his children David and Stephanie, and five grandchildren

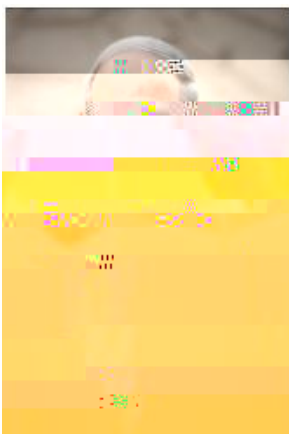

The Honors Program is pleased to recognize the generosity of Ronald K Edgerton who provided the gifts to create the permanent fund to perpetuate excellence in the University Honors Program through the Becky R. Edgerton Memorial Honors Scholarship. Dr. Edgerton was Director of the Honors Program from 1985 to 2000. Becky Edgerton (April 22, 1941- December 17, 1999) loved poetry, opera, and good movies; The New York Times Book Review and The New Yorker magazine, good literature, wine, and conversation; feminist theory, loyal friends, and her family. For her, reading was a way of life, and she read just about everything. She published poetry, taught in the Honors and Life of the Mind programs. We honor Becky Edgerton through the Becky R. Edgerton Memorial Honors Scholarship.

Edgerton, Ronald K. Esch, Jr. Honors Scholarship

Barbara Jane Heidger (Hyslop) entered UNC (then Colorado State College) as a member of the newly inaugurated Honors Program, then under the direction of Professor Eugene Koplitz. There she met fellow Honors student Paul Heidger, whom she later married. Barbara's academic excellence and devotion to her field (international relations) led her to work abroad with Columbia's Teachers for East Africa during the completion of her Master's coursework. She taught at a residential boy's secondary school in Kericho, Kenya for two years, teaching world history and researching the development of political parties, which had just begun in Kenya in 1964 after emerging from British colonial rule. She continued to be involved with the local and international community, sponsoring the Model UN Program and assuming a leadership position in her church's efforts to welcome and resettle refugee families from Southeast Asia. It is sincerely hoped that this scholarship bearing Barbara's name may assist students at UNC to reach their life goals and full potential. Barbara passed in 1994 and is survived by Paul and their two daughters, Julie and Lisa.

Paul Heidger '63 was part of the first UNC Honors class of graduates, where he met Barbara. Barbara and Paul married shortly after she returned from Kenya. Until he retired in 2012, Paul taught for 38 years at the University of Iowa, where he was a professor of Anatomy and Cell Biology. After retirement, he continued to work closely with UI students, working as a student adviser for an undergraduate research training program. He led an accomplished path of service and dedication to his profession and his students. Paul eventually remarried, and currently enjoys an expanded family of their shared children and grandchildren. During his time at UNC, Paul became lifelong friends with then Honors Director and creator Eugene Koplitz, pictured right.
