

# Extended Windows Update

February 2020

In continuous effort to improve security, IM&T will be deploying a Windows 10 1909 feature update. The update will be deployed during February Windows update timeline.

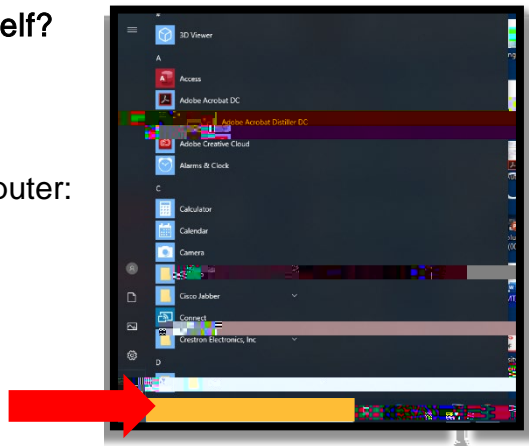

- x February 24 the update will be released to campus.
- x March 6- the update will be required for installation and computers will start to reboot automatically.

IM&T encourages campus to run the update at a convenient time between February 24 and March 6<sup>th</sup> so the impact to campus is minimized.

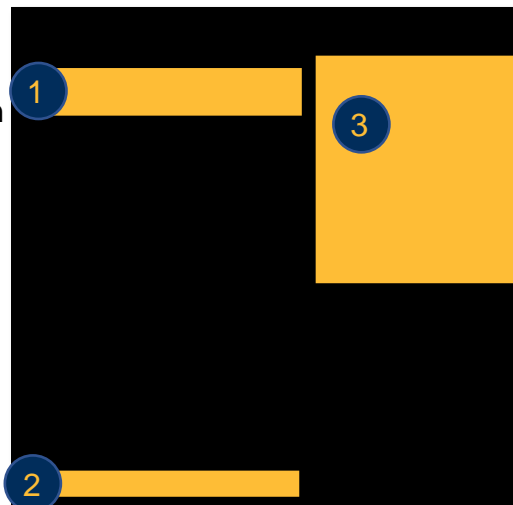

If you have any questions or concerns please contact the Technical Support Center by calling 970 351-4357, visiting [help.unco.edu](http://help.unco.edu) via email at [help@unco.edu](mailto:help@unco.edu)

## How can I run the update myself?

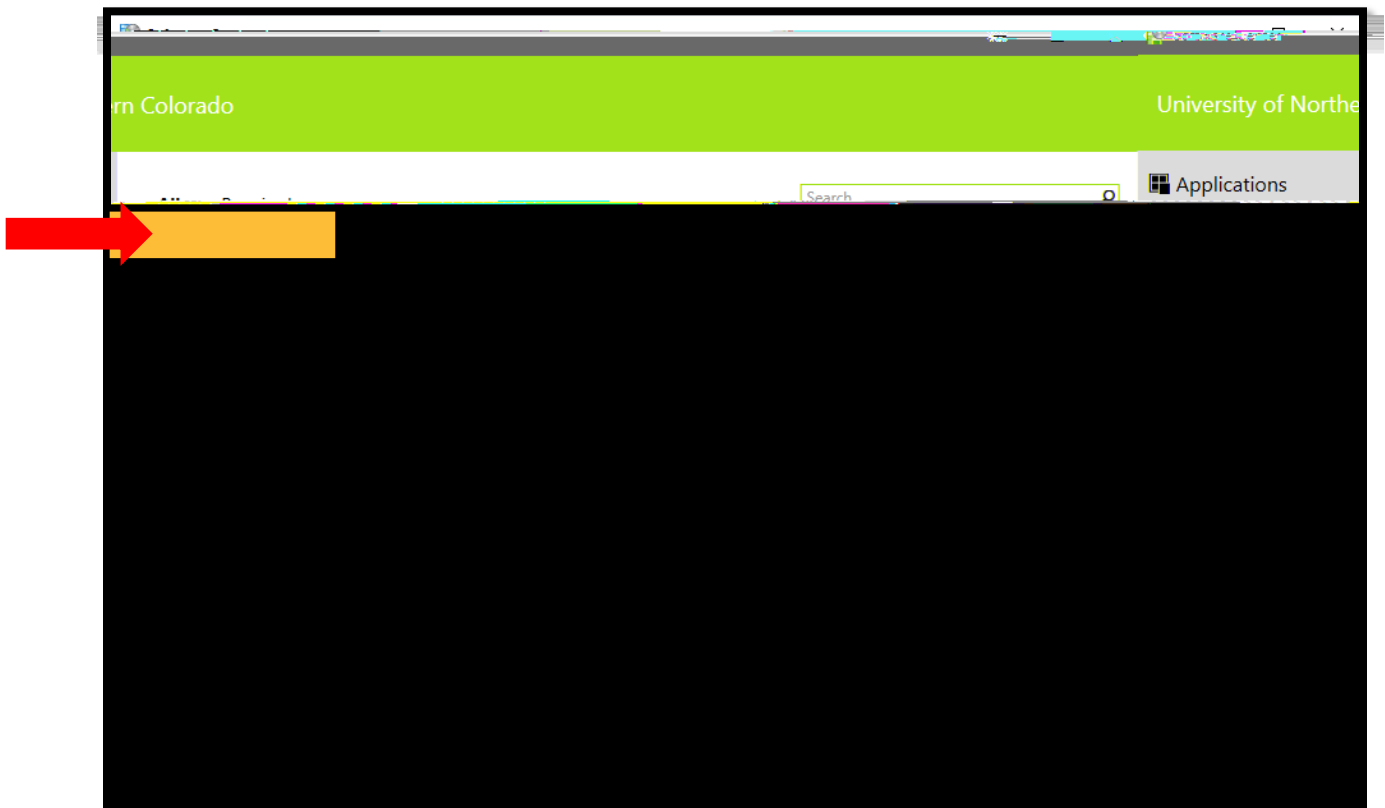

Click start on your computer:

1. Locate the Software Center in your search field.
2. If you do not see the search bar, start typing "Software"
3. The Software Center should appear:

Click on **Software Center** to open the application. Then, click on **Updates** on the left:

On the Right, click on “Install All” to begin the installation. When the installation is complete you can choose to reboot or wait until a specific time.
